

*Enjoy a great golf day at Trentham Park  
in a relaxed and friendly atmosphere*

**Trentham Park Golf Club has, over the years, established itself as a superb parkland course conveniently located 1 mile from Junction 15 on the M6, approximately halfway between Birmingham and Manchester.**

**Set in the former grounds of Trentham Hall, once the seat of the Duke of Sutherland, this 18-hole, Par 71 course measuring 6390 off the back tees with many challenging holes that offers both high and low handicap golfers a fair and exciting challenge.**

**The course is well wooded and makes excellent use of water features; providing an unforgettable opening drive, which needs to skirt a waterfall and lake if par is to be achieved.**

**The course has recently had its greens re-designed and re-bunkered by Steve Marnoch the international golf course architect.**

**Trentham Park Golf Club is the home club of Ryder Cup player David Gilford who jointly holds the Professional course record of 67 with Ronan Rafferty.**

**The Club has a reputation for making societies and visitors welcome and the food is as good as the course.**

**The clubhouse has been refurbished and offers first class facilities for its members and visitors.**
